Details are subject to change. Please confirm upon arrival at the airport.

Next Steps:

Passengers traveling without check-in items

Customers traveling without check-in items may bring their documents and proceed directly to a T.S.A. Security Checkpoint for entry to the secure airport departure gate areas. Arrive at the airport 2.5 hours (or more) before departure, and ensure that any carry-on items comply with our current policies. Please also verify your departure information upon arrival as things do occasionally change on short-notice, and be aware that at peak times, lines for T.S.A. security screening can get long. Please plan accordingly.

Passengers traveling with check-in items

Customers with check-in items should proceed to our check-in lobby to process baggage, and will first need to scan their barcode at a Self-Service Kiosk inside the lobby in order to print documents. Baggage will then be tagged and delivered to a drop point for acceptance. Look for signs indicating where to drop bags. Note: You no longer need to bring bags to an Agriculture check first. Arrive 2.5 hours (or more) before the scheduled departure, and ensure that any carry-on items comply with our current policies. Please also verify your departure information upon arrival as things do occasionally change on short-notice, and be aware that at peak times, lines for T.S.A. security screening can get long. Please plan accordingly.

Baggage must be checked-in at least 45 minutes before flight departure.
